## Observations... From Around Town

(BY JAY WHOZIT)

Well, folks tomorrow is the day—election day—when you will make your choice of one or the other of the two candidates as your City Commissioner . . . there are only two men in the race and from the way the campaign has been carried on it is very obvious that regardless of the outcome we will still have a two-man city government, so the question before the voters really is which two men we want to put at the helm of our fair city . . . so folks, think twice before you cast your vote, because it will be three and a half years before you will have another chance . . . there is a movement on to organize a municipal concert orchestra and dance orchestra here in Bay St. Louis under the direction of Mr. George Wimberly, Bay High School band director, and a meeting has been called for all interested parties for Monday night, June 6th. . . . this is a swell thing for our town and everyone should cooperate, as we are sure there is quite a lot of musical talent among our local boys and girls and also among the older folks . . . summer has really arrived with a bang, with thermometers for the past few days reaching high up in the nineties, which is plenty hot with summer not yet here officially . . . in case you may not know it, today is Confederate Memorial Day and is being observed by the banks of the city, which are closed for the day with the regular school session now ended. St. Stanislaus and St. Joseph Academy are preparing for their summer camps which will get underway in the next week or so and the now quiet school grounds will once again hum with activity . . . why is the Mayor's column, "Our Town," absent in this week's issue, it is due to the fact that he is too busy politicking . . . talking about politicking this commissioner's race started off unusually quiet, but for the past week the candidates and their supporters have surely been pepping things up, and at this time the campaign is "white-hot." Monsignor A. J. Gmelch has announced that the annual Fair of Our Lady of the Gulf Church will be held this year on Saturday, Sunday, and Monday, July 2, 3, 4th and asks the assistance of all interested parties . . . Father Toner's Church at Kiln will have a bazaar on Sunday, June 5th . . . we hope that when this election is over the city fathers will be able to get down to the business of running our town, making 1949 assessments, etc. . . . Miss Gene Robin, daughter of Chamber of Commerce president and Mrs. Ted Robin, has been appointed as hostess of the Mississippi exhibit of the International Trade Mart, in New Orleans, which will formally open today . . . Miss Robin will welcome visitors to the exhibit beginning Friday noon . . . Governor Fielding Wright will officially open the exhibit.

"Before anyone can consider locating a plant it is essential that a supply of meat type broilers be available. If and when there is sufficient production of meat type broilers available in the Bay Saint Louis area and further indication on the part of the producers that they will continue to increase their production, we would be glad to give consideration to the establishment of a plant."

## A Report Of The Facts Uncolored, From The City Records

SYLVAN J. LADNER, JR.

During the past few weeks it has been my purpose, through the medium of this column, to present to the Public the true facts in relation to the operation of the City Government—and to bring to light some of the many irregularities existing.

I have not forgotten so quickly the oath I took when I went into office of City Commissioner on the 3rd day of January, 1949, and with your help, I shall always be faithful to that trust and represent YOUR interest, and not "protect" any person, or group of persons, when it is evident that their trust is misplaced.

Since being in office I have had occasion to see so many things that have happened that should not, and probably would not have happened, had the public been informed.

The report of the State Auditing Department should be forthcoming soon as they have finished a certain phase of the work, and you, the PUBLIC, will realize more vividly that the report that I have been making is merely a minor matter, in comparison with the records they have acquired. By their rules, they are not allowed to make a report until their work is completely finished.

But when their report is published you will be in a better position to see why I was opposed so vigorously by the other members of the Council (and their close advisors) in my effort to bring them in to make the audit. Let me remind the vicious rumor-mongers who have sided with the Mayor for obvious reasons, that the CITY'S AFFAIRS are not "PRIVATE AFFAIRS," but "PUBLIC AFFAIRS," and as long as I am a member of the Council they will be kept PUBLIC. The trouble with our City now is that its affairs have been kept "PRIVATE" too long and the public has been in the DARK. I say, LET'S GET OUT DARN LIES, WASHED, and I pledge you that I will help to keep it clean—if you, the PUBLIC, will give me the support necessary. You will have that opportunity on Saturday, June 4th, when you vote for another Commissioner.

### Suggest Municipal Officers Take Training Course

It has been suggested by Mayor Warren Carver of Bay St. Louis that the Universities of Mississippi give in-service training courses for assessors and other municipal officers. While the majority of the public officials are sincere in their efforts to render the best service to the people it must be admitted that the greater percentage of these officials lack the technical training necessary for them to do the job as it should be done, Mayor Carver said.

He will seek the cooperation of other Mississippi municipalities with the view to obtaining their interest in the project. The Mayor also proposes to submit a resolution at the meeting this year of the Mississippi Municipal Officers' Association for the adoption of this project.

### Summer Recreation Program To Begin June 6

All boys between the ages of 6 to 15 interested in taking part in the summer recreation program are requested to report to Coach Ellis Gullory on Monday, June 6 from 2 to 4 p. m. at the Bay High gymnasium. This program is open to all boys in Bay St. Louis.

This summer the program will include: swimming, softball, basketball, picnics, outings and other activities. Through the courtesy of the Merchant Marine Cadet School and Mr. Vincent Morreale the boys will swim in the cadet pool and play ball under the lights of Morreale's Stadium. This summer the soft ball team will be sponsored by the Rotary Club, Wilmer's Western Auto, Beach Drug, W. A. McDonald & Sons and Kern's.

This program was a success last summer and Mr. Gullory is planning a bigger and better one this year. Don't forget to register.

### Christ Church Guild, 2, To Sponsor Supper

Chapter 2, Christ Church Guild, will sponsor a Mexican Goulash supper on Thursday, June 23, at the home of Mr. and Mrs. Charles Breath. Supper will be served from 5 to 8 at \$1.00 per plate.

This group wants your patronage and they say if you have never eaten Goulash you will want to and if you have eaten it you will want to eat it again. It's good try it.

## Plan To Organize Community Concert Band

Plans are now underway for the organization of a Community Concert Band for the City of Bay St. Louis under the direction of George Wimberly, Band Director of Bay High School. With the cooperation of Band students from both local schools, local musicians and former band members returning home from college for the summer, it is possible to work up a well balanced Band of approximately 50 or more.

This organization is open to all citizens who have had any experience in all types of music whether instrumental, vocal, strings, piano, etc.

Aside from the Concert Band, a 15-piece Dance Orchestra, a Hill-Billy Band, piano solos, vocal solos, quartettes and instrumental ensembles will function as part of the project.

The main purpose of the Community Band will be to present weekly Sunday afternoon concerts on the grounds of the City Hall. The band will also present concerts in neighboring towns, Veterans Hospitals and will take part in civic events.

Rehearsals will be held every Monday and Thursday at 7:00 P. M. at the Bay High Band room. The first rehearsal is called for Monday, June 6. At that time officers will be elected and detailed plans for the summer will be discussed.

Refreshments will be furnished to members after all rehearsals and concerts. At the close of the Concert Season, the members will enjoy a day of entertainment, which they will decide upon.

This civic project is non-profit and non-political. Strictly for the enjoyment of playing music, presenting concerts for the benefit of the public and for the betterment of our community. For further details please contact Mr. Wimberly.

## Saint Joseph Academy Has Ninety-Fourth Commencement Exercises; Twenty Graduate

Twenty seniors were graduated at the ninety-fourth annual commencement exercises of Saint Joseph Academy held Saturday, May 28 in St. Joseph Memorial Hall, at 8 o'clock p.m.

The high school chorus, accompanied by Mrs. Marie Bordages and the St. Stanislaus band under the direction of Brother Romuald, sang Denzetti's "Spring Time." Before the processional of the graduates several selections were played by the college band.

Following the salutary, by Miss Charles Burns, the Most Reverend R. O. Gerow, D.D. Bishop of Natchez presented diplomas to the following seniors: Nannette Arceneaux, Doris Arnold, Charles Burns, Elizabeth Colson, Margalo Damborino, Beverly Ann Favre, Dorothy Garcia, Patricia Gex, Iris Ladner, Janet Luce, Joanne Martinolich, Norma June Noto, Anne Noel Poupart, Jackie Quintini, Mary Lou Scaffidi, Rita Mae Scafide, Marie Shaw, Susan Smith, Francis Joy Starita, and Mildred Louise Wilson.

Six of the graduating students who attended Saint Joseph's for twelve years received gold pins. They were: Nannette Arceneaux, Betty Colson, Beverly Favre, Pat Gex, Mary Lou Scaffidi and Rita Mae Scafide.

Rev. Brother Alexis, S. C. who addressed the class of '49, said that it was the duty of the young ladies to heed their parents' advice and it

A successor to former Commissioner of Finance W. L. Bourgeois, who resigned several weeks ago, will be elected by the voters of Bay St. Louis on Saturday, June 4, 1949.

The special election called, to be held on this date, by the Mayor and Commission Council has only two candidates for the office, J. C. Roland, Jr., and Cyril Glover. Mr. Roland is in the insurance business in Bay St. Louis and Mr. Glover is superintendent of the natural gas division of the city. Both were unsuccessful candidates for the Commission Council in the primaries last year.

It was thought at the outset, that there would be several other candidates, however, the issues which have been very clearly drawn in this election has narrowed it down to the two men.

The polls will open at 7 o'clock, a. m., and will close at 6 o'clock p. m. This is a special election and it is in the same category as a general election. It is not necessary to present poll tax receipts at the polls as is required under the corrupt practices act which governs primary elections. It is necessary however that the voter have both his or her 1947 and 1948 poll taxes paid.

Under the general election law it is not necessary that the 1947 poll tax be paid in the year in which it was due if the two poll taxes were paid prior to the first of February in the year in which the election was held. The person paying his taxes in that manner and who is registered in both the city and the county is qualified to vote.

The difference in the law governing primary elections and the general elections is that under the primary election law the poll tax must be paid in the year in which they were due to have been paid, on or before the first of February of that year.

It is anticipated that approximately 1200 voters will make their way to the polls Saturday to name a new Commissioner to fill the vacancy now existing. The two candidates have been exceptionally busy placing their claims before the voters of Bay St. Louis and are making every effort to apprise them of their qualifications.

It is hoped that following the election, regardless of who may be the successful candidate, that he will work and cooperate with his fellow officers for the best interest and advancement of the City of Bay St. Louis.

was the duty of the parents to give proper example for their children to follow.

## TREES ARE A CROP

Seven hundred and fifty farm boys and girls in eight southern states this summer are going to learn that trees can be managed as a crop. For the fourth consecutive year the pulpwood industry through the Southern Pulpwood Conservation Association is providing one week's camps where the care and wise use of forest trees will be taught by these boys. Members of the Association guarantee the expenses of these camps and are assisted in some instances by non-member pulp mills, and in one State by the naval stores and lumber industries.

The boys selected to attend these camps must earn that privilege by performing outstanding work during the school year on forestry projects either on their own woodlands or in their school activities.

The value of this project cannot be judged alone by the number of boys receiving the instruction. The influence extends to many times that number because they have been selected from a large group of competitors. In addition to that, the parents of all these boys become aware of the subject as do many of the landowners residing in the communities where the farm forestry projects are located. The pulpwood industry feels that when so many people can be reached with a forestry message encouraging improved forest products its contribution for the forestry training camp program in the South is a wise investment in the prosperity of the region which depends so largely upon the forest resource.

The Southern Pulpwood Conservation Association sponsored camp in Mississippi is administered by the Mississippi Forestry and Chemurgic Association under the leadership of Frank Pittman, Executive Secretary. The camp will be held at Lake Waukaway, near Laurel from August 15 through 20. The approximately 65 boys attending the camp have been selected from those who attended last year's Boys Conservation Camps and who showed the greatest interest in forestry subjects. The following pulp mills will finance the camp: International Paper Company, Johns-Manville Products Corporation and Gaylord Container Corporation, which are members of the Southern Pulpwood Conservation Association, and Masonite Corporation and Plinkote Corporation, non-members.

### Army Reserve Officers To Take Summer Training

Approximately 5,600 Reserve Officers living in the Third Army Area are expected to take advantage of the summer training programs offered by the Army, General Jacob L. Devers, Chief of the Army Field Forces has announced.

Throughout the nation, Gen. Devers said, there will be approximately 50,000 participating. Regular Army instruction teams have been organized to conduct demonstrations and to assist in the supervision of training.

At many of the camp sites, training of National Guard, Organized Reserve Corps, and ROTC units will be conducted concurrently, in order to make the most efficient use of instruction teams, equipment, facilities and training units.

In addition to the unit training program, many Reservists will re-

ceive their active duty training by taking courses at Service Schools, by attachment to Regular Army and National Guard units, and by attending special schools conducted within the Army areas.

It's not what a farmer spends but what he gets away in Savings Bonds that makes him free and independent.

## Uncle Sam Says

Everyone will have a part in the U. S. Savings Bonds great "Opportunity Drive" May 16-June 30. The armed forces are responding to the call for volunteer assistance by offering to fly a number of covered wagons to In-marching, opening of the drive. They will then transport the wagons to various States. The covered wagons typify the difference between the terrible hardships the original 49ers went through in their search for riches and the ease and security of the modern 49er to build for a secure future. Today you are given the opportunity to invest in U. S. Savings Bonds—the easy way to pile up riches. In ten short years you will receive \$100 for every \$75 invested.

CANDIDATE

for

## CITY COMMISSIONER

It was publicly stated in the last issue of this paper by friends of J. Cyril Glover that: "All the support of the people of Bay St. Louis should be given Commissioner Sylvan J. Ladner, Jr., for his candidate, Cyril Glover, in the election of June 4th."

In reply to this statement I WANT YOU TO CLEARLY UNDERSTAND THAT I AM NOT THE CANDIDATE OF ANY PARTICULAR PERSON. If elected, I PLEDGE MYSELF TO BE FAIR AND IMPARTIAL ON ALL MEASURES presented to the Commission Council, whether such measures are presented by Mayor Carver or Commissioner Ladner.

It has been my policy to conduct my campaign on a HIGH LEVEL, and to refrain from casting any reflection on the character and reputation of my opponent, even though my opponent's PROPAGANDA SPECIALISTS HAVE SEEN FIT TO SPREAD FALSE AND MALICIOUS LIES ABOUT ME. DO NOT BE MISLED BY THESE UNJUST RUMORS.

The manner in which I have conducted my campaign IS THE SAME MANNER IN WHICH I WILL RUN MY OFFICE if you elect me your CITY COMMISSIONER.

I offer myself as a candidate for this office solely on my record and qualifications, and respectfully solicit your vote and influence in the election to be held THIS SATURDAY, JUNE 4TH.

Sincerely yours,

4-H YOUTH BUILD  
NATION'S FUTURE  
DAIRY HERDS

Production of milk for human consumption is one of the oldest farm enterprises. Yet today—because of modern scientific research and invention—it is one of the newest and biggest agricultural activities. There are some 27 million dairy cows in the nation. One of the objectives of the National 4-H Dairy Production program is the building of a successful dairy herd from an original investment in a 4-H Club calf.

Guided by county agents and local 4-H Club Leaders, more than 2,700 Mississippi boys and girls are participating in the "earn by doing" 1949 project. They acquire know-how to grow fine pastures, build healthy herds, produce good, clean, wholesome milk. Not content to stop there, these future dairymen pass along their knowledge to the community by demonstrating at clubs and meetings procedures such as "Dairy Cattle Management," "Care and Handling of Milk" and "Dairy Problems on the Farm."

To further encourage 4-H'ers in this endeavor, the Kraft Foods Company for over a decade has donated awards for outstanding records. This year there will be a gold-filled medal for first place county winners, and a sterling silver one for second place. Eight \$25 U. S. savings bonds will be presented to state winners, while all-expense trips to the National 4-H Club Congress in Chicago, will be arranged for 10 sectional champions. From this sectional group, six will be chosen to receive a \$300 national agricultural college scholarship.

The 1948 state winners were: Alvie Blake, West Point; Bobby Hall, Corinth; Elmo Busby, Summit; Dale Jefcoat; Soso; Claude Kelly, Sunflower; Gilda Jones, Water Valley; Louis Davis, Lumberton; Sadie Patton, Guntown. The Cooperative Extension Service supervises the program.

Your Social Security  
Family Benefits

When you start getting your retirement insurance benefits at 65, or later, monthly benefits may also be paid to others in your family.

If you get Federal old age insurance payment, your wife will receive a payment equal to one-half of yours. To qualify, she must be 65 years old, she must be living with you or dependent on you, and you must have been married at least 36

months before she files her application.

If at 65 you have children under 18, those children may also receive monthly insurance payments, also equal to one-half of yours.

A wife's benefit continues as long as she lives, unless there is a divorce. A child's payment stops when the child reaches 18.

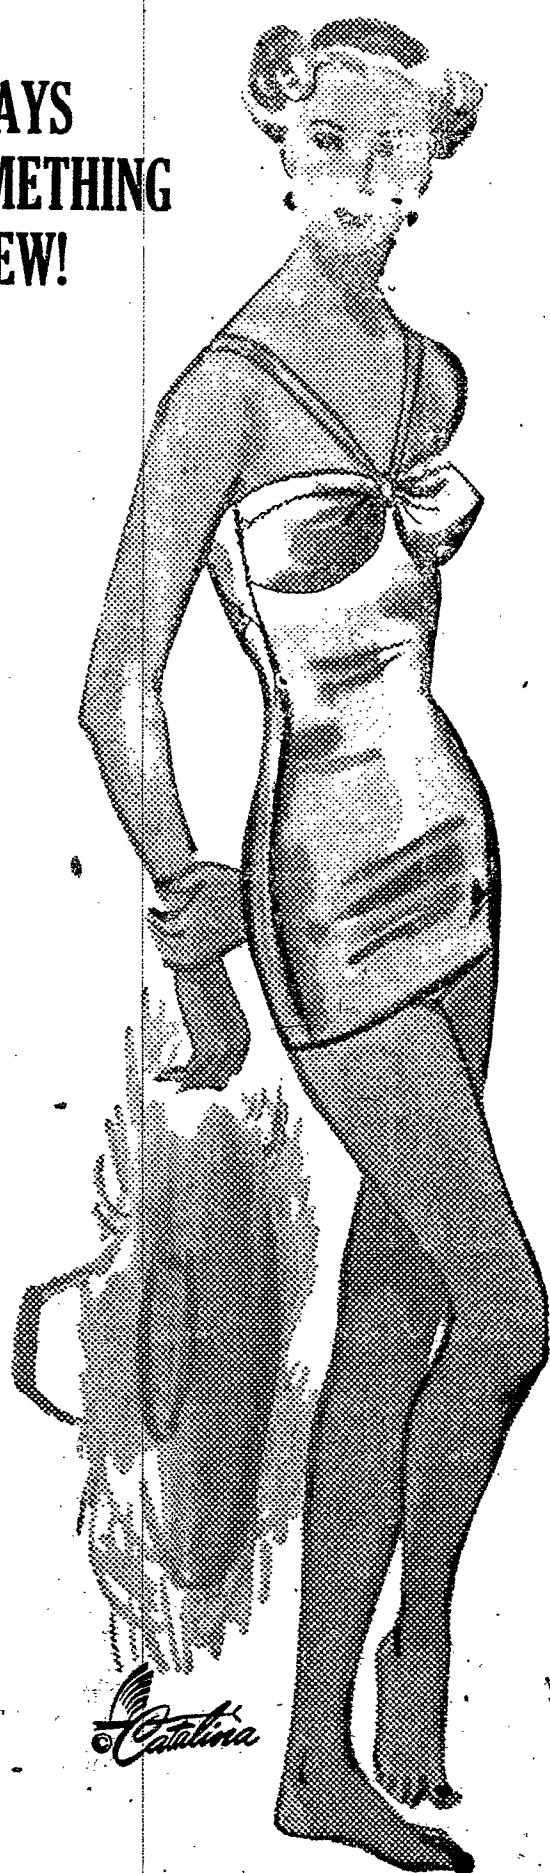

If you continue work or go back to work under social security after filing your application, your retirement payment is suspended for each month in which you earn \$15 or more. If your wife or child is receiving a payment on your account, that payment is also suspended. Payments to your wife and child or to survivors also are suspended for any month in which they work under social security.

This is the third in a series of articles on "Your Social Security." In our next issue we shall discuss, "Your Social Security, Survivors Insurance."

For further information consult your local Social Security Administration Field Office.

### OLIVER-SNIDER WEDDINGS CELEBRATED SATURDAY EVENING, MAY 28

A wedding claiming interest here as well as in other sections of Mississippi was that of Miss Elizabeth Werling Snider, daughter of Mr. and Mrs. Jacob Buehler Snider, late of Clarksdale, but now making their home in Bay St. Louis, and Mr. Hugh Gene Oliver, son of Mrs. T. H. Williamson and the late Mr. Oliver, who were married on Saturday, May 28 at 8 o'clock in the evening at a candle-light service in the Main Street Methodist Church, Rev. H. Bufkin Oliver officiating at the double ring ceremony.

With a background of tall potted palms the chancel was decorated with tall floor baskets filled with white gladioli and calla lilies and seven branched cardelabre reached across the chancel. Each third pew was marked with two candle holders in which burned white tapers.

Mrs. J. Briscoe Goldman, organist played a musical prelude and immediately preceding the entrance of the bride and groom, Mr. W. T. Harkey, New Orleans, uncle of the bride played on the violin "Ave Maria" and "Because."

The bride, given in marriage by her father, wore a wedding dress of white marquisette over taffeta made with a very bouffant skirt which fell in a long train. The long leg-of-mutton sleeves were finished with an over-the-hand point of Chantilly lace. The bertha of Chantilly lace was outlined with floral designs of seed pearls. The finger tip veil of illusion was fashioned at the hem with inserts of Chantilly lace. Medallions and was held to her head with a low coronet of orange blossoms. She carried a bouquet of Des Fleurs D'Amour and lilies of the Valley.

She had as her only attendant her cousin Miss Sarah Harkey who wore a flesh pink organza made over taffeta and the bouffant skirt fell in a train, bands of puffing and two large bows of taffeta ribbon trimmed the dress and she wore on her head a broad ruffle of horsehair braid dotted with pink forget-me-nots. She carried a bouquet of sweetheart roses and Des Fleurs D'Amour tinted to a light shade of blue and tied with puffs of blue maline.

Mr. Oliver had as his best man Mr. Oren Logan of New Orleans and the ushers were Messrs. John Forest Baker, Keith Baker, of New Orleans, Robert Courtney of Colorado, who is attending Tulane University, and Frank Comfort of Duncan, Mississippi.

Following the ceremony a reception was held at the home of the Snider's at 648 North Beach where Mrs. Snider was receiving with the bride party in a green embroidered bodice over a matching shade of crepe skirt and she wore a small green hat and her corsage was a simbulium orchid. Also in the receiving line were Mrs. Williamson in blue crepe made with an applique bodice and her corsage was a purple throated white orchid; Mrs. Sam Whitfield who wore turquoise taffeta with a corsage of yellow roses; Mrs. W. T. Harkey, who wore a Navy print pique with a corsage of red roses and Mrs. Walter White of Biloxi, who wore black lace with a white orchid corsage.

White gladioli, snazzy daisies and magnolias decorated the reception rooms and bamboo stood tall in corners of the rooms.

Mrs. T. T. Robin and Mrs. Harkey presided at the cake table which was covered with a cut work lace cloth and the centered with the large cake, topped with a bunch of orange blossoms and tulle. The cake was surrounded with white gardenias and three branch cardelabre held the white lighted tapers. Miss Mary Betty White, Biloxi, presided at the punch bowl; Miss Fannie Byrd of Pine Bluff, Ark., was in charge of the guest book, a hand made book made by Captain Tom Gibson of Clarksdale and given as a gift to the bride. Mrs. R. M. Gamble of Memphis, Tennessee, was displaying the wedding gifts.

The couple left later for a wedding trip to Havana. For traveling the bride wore a Navy sheer coat dress and a cape lined with pin check Navy and white taffeta. She wore a small Navy straw hat trimmed with two straight white feathers and her corsage was a white gardenia and her accessories were Navy. Upon their return the couple will be at home in Worth Place, New Orleans.

The bride attended Texas Southern College for Women and was socially prominent in Clarksdale where she formerly resided. Mr. Oliver is a student in the school of Journalism at Tulane University.
